-----------------------	-----------	------------------------------

## Estimated Total Setup Cost (Mid-Range 2-Bedroom Villa)

Setting up a short-term rental property involves more than just furnishing rooms — it’s about creating a guest-ready space that’s comfortable, complete, and appealing. For a 2-bedroom villa, the basic functional setup typically costs between **70,000–90,000 THB**, covering all the essential furniture, appliances, and linens needed to start hosting.

For hosts looking to go the extra mile, a fully styled setup with decorative accents, upgraded amenities, and thoughtful extras ranges from **120,000–160,000 THB**. This investment not only enhances the guest experience but also helps increase bookings, nightly rates, and overall return.

## Setup Budget Summary & ROI Potential

A well-prepared villa doesn’t just look good — it performs better. This setup cost is an investment in smoother operations, higher guest satisfaction, and stronger long-term returns.

At Inter Property, we help owners get it right from day one. From sourcing essentials to styling and full-service management, we ensure your property is not only guest-ready — but guest-loved. Learn more at [interpropertyphuket.com](https://interpropertyphuket.com).
